

Cabin Crew

Following the worldwide challenges of the last 18 months or so, we are delighted to see that the industry is starting to slowly recover, and we are currently in a position to recruit for Cabin Crew at London Stansted for summer 2022 and beyond.

Pre COVID, as one of Britain's fastest growing and prestigious airlines, our business served many of Europe's leading companies and many of the world's major airlines and their clientele. Since the pandemic, our flying has changed somewhat and some of the challenges we are now faced with include regular testing, limited inflight service and flights to unusual destinations - but it's still all in a day's work for our Cabin Crew.

We are therefore looking to recruit professional individuals to be part of our team, who share a passion for excellence and are willing to go the extra mile to provide the highest level of customer care and service.

- Applicants must be 18 years plus, drive and own a car and be within 30 minutes of Stansted airport on a standby duty
- To meet our exceptional standards, you will need to be a team-player, customer focused, possess excellent communication skills, display flexibility and maturity and have the ability to converse with our clientele at all levels
- You must also have at least 2 years' experience of front line customer service, be able to swim unaided for 25m and be able to reach 212 cm (without shoes)
- Knowledge of a second European language would be advantageous and for experienced crew, an EASA Attestation and Medical would be preferable
- We also require our crew to have exceptional standards of personal grooming and deportment to reflect our corporate image.

We completely understand that lifestyles, priorities, work, and personal situations for most will have changed during the pandemic and with this in mind, there may be opportunities for full time, part-time or part-year contracts.

So, if you believe that you can meet the requirements above and are interested in joining us, please email cabinrecruitment@titan-airways.co.uk with a CV, answering the following questions in the body of your email reply-
