

Crewing Controller

Titan Airways requires a dynamic and self-motivated individual to fulfil the role of Crewing Controller. The role based within our Operations Control team at London Stansted Airport will support the airlines mixed aircraft fleet operating cargo, private charter and sub-charter services around the globe and around the clock.

Responsibilities

- Ensuring a timely flight watch of Crew, including keeping the Aviolinx Raido system updated with duty changes
- Ensuring all Crew are "legal" in accordance with the Company Flight Time Limitations scheme, considering any Operational impact of on the day of operations
- Making changes to rosters (Day 0 to +72 hours) to ensure Operational integrity and any on-the-day issues are appropriately considered
- Matching crew and aircraft availability to ensure efficient use of crew and to maximize commercial opportunities and deliver our famous "go-now" product
- Booking and management of crew transport and hotel accommodation requirements
- Management of rostered Crew Training duties to ensure crew operate legally and within the company training programme
- Working alongside the Operations Controller on Operational troubleshooting and programme management

Experience / Profile

- A dynamic, self motivated individual who can keep a calm head working within a fast paced operations department
- Excellent communicator, who can engage with individuals from all levels within the business and with other external parties
- A problem solver, who relishes a challenge and tackles it head on and is able to capitalise on commercial opportunities
- Previous experience in a fast paced operational environment is preferable
- Computer literate and able to pick up new systems quickly. Previous systems experience is preferable
- A knowledge of FTL / EASA and operational procedures is desirable
- UKOMA Operations Training or equivalent is preferable.
- Right to live and work in the UK
- Ability to provide information to enable five year referencing
- Fully vaccinated against COVID-19 (unless medically exempt)

On the job training will be given on all operational, management and crewing specific software as well as familiarisation with all other aspects of the operation.

This position involves working in a team on a 12 hour shift basis and will include weekends and public holidays.

To apply, please email recruitment@titan-airways.co.uk with a covering letter and CV before close of business on 30th November 2021

Previous applicants from September/October 2021 need not reapply
