

Airbus A330

Unmatched versatility

Airbus A330

No. of aircraft	3
Max passengers	327
Seat maps	327Y 320Y 314Y
Range	7,250nm
Cruise speed	540mph
Cruise altitude	39,000ft

Alongside our own fleet, we work in partnership with an Airbus A330 operator, to provide the Titan Airways aircraft charter experience for larger groups.

Suitable for a wide range of flights from short-haul to extended-range, the A330 widebody aircraft offers unmatched route versatility.

Carrying up to 327 passengers in single-class configuration, the Airbus A330 is an efficient choice for large volumes of passengers on shorter routes.

Capable of flying for more than 14hours nonstop and ETOPS 180 certified, it is also ideal for long-haul and transatlantic operations.

With the capacity for 117m³ / 35,650kg of cargo, the A330 is a good solution for special missions involving the carriage of heavy or bulky equipment.

Three single-class cabin options are available 327Y, 320Y and 314Y.

327Y/314Y cabin

Both the 327-seat and 314-seat cabins are configured with modern slimline seats from Acro in a dual-aisle 2-4-2 layout. Both layouts offer a comfortable minimum 31-inch seat pitch. The 314-seat option includes a crew rest area and features wireless in-flight entertainment.

320Y cabin

The 320-seat cabin is configured in a dual-aisle 2-4-2 layout offering a minimum 31-inch seat pitch. The seating features seat-back in-flight entertainment.
